

To Whom it May Concern

It is my pleasure to strongly recommend Elena Caixal for any position as online language teacher or online language content creator.

I have known Elena Caixal since 2015 as a French and English language instructor at the Universitat Oberta de Catalunya where I am a coordinator of English language courses and the director of the MA in Technology-Mediated Language Teaching and Learning. Elena has been a language instructor at the B1 level, according to the Common European Framework of Reference, and she has been responsible for delivering online language courses in a virtual classroom equipped with various communication spaces to allow students to practice all language skills, including interactive communication and collaborative writing. Elena guided students through the various tasks, monitored their work, provided corrective feedback, created activities, and assessed students' performance.

I have always been impressed with her professionalism, integrity, dedication and teamworking skills. She always found ways to engage her students. Student evaluations in her case have always been very positive and students have pointed out her involvement and commitment, the quality and frequency of her feedback and her readiness to help at all times. Elena Caixal would be an excellent addition to your team and I recommend her to you without reservation. If you have any questions, please do not hesitate to contact me.

Sincerely,

Gisela Granena
