

## *A Recommendation Letter*

I study German with a teacher Anna Dokshina on italki and during this time I had to prepare myself for the Goethe-Institut C2 German exam (the “Großes Deutsches Sprachdiplom”). In this case, Anna was a great support, especially for the modules Schreiben and Hören that I had not passed in the past.

Anna is a competent teacher, she is precise in what she does, and above all patient. I can only recommend her. I have never felt so comfortable! It was a great experience, thanks again! And recently I received my certificate and I am very happy and thankful to Anna for all her help. Now I can apply to the job of my dream in Germany.
