To whom it may concern,

I am the Senior Secondary Education Consultant at Term Time Teachers and am writing to provide a professional character reference for Daniel Clarke-Serret. Daniel has worked for Term Time Teachers since 2014 and left us in March 2022 to relocate.

During this time, Daniel has displayed high levels of teaching skill and has demonstrated reliability and flexibility while working with us. I can confirm that Daniel is highly dedicated and passionate in his commitment to furthering the learning and development of young people. Daniel is also a fantastic team-player and able to build relationships with colleagues and students alike.

Daniel has provided a great service to mine and my colleagues' clients, specifically commended for his behaviour management and ability to engage with students; I highly recommend Daniel as someone who would be an asset to any organisation.

If you have any further questions or queries, do not hesitate to contact me on 01892 676076.

Kind regards,

Charlotte Tytler  
Senior Secondary Education Consultant
