Letter of Recommendation for Mrs. I. Morales

To Whom It May Concern,

It is with great pleasure that I write this recommendation letter for Mrs. Morales. I met Mrs. Morales in 2010 when I studied Spanish at the Barbados Community College where she was my Spanish tutor.

Mrs. Morales is a kind, fair, and passionate person, and these attributes are clearly conveyed in her classroom and teaching methods. I know that I was able to progress and be successful in my studies because of the time that she took to impart on me her knowledge of the Spanish language and culture. Additionally, I was so inspired by Mrs. Morales' familiarity with the Spanish language, and her aptitude to teach, encourage and support me during my earlier years of study that I reached out to her during my final year at university for guidance with my final project. Her ability to combine expertise and supportiveness are just some of the qualities that make her a remarkable teacher.

I highly recommend Mrs. Morales for any opportunities that are available to her in the field of teaching and education.

Sincerely,

Shonelle Hollingsworth
