Personal Profile and Career Objectives

As a personal priority I would like to state the essence of the efficient education-involvement and dedication.

As for my personal qualities and skills, I think they are desirable for every teacher- lively personality, tolerance, intellectual and moral honesty, alertness, patience and passion for learning the subject I teach.

During my degree I successfully combined my studies with work, looking after my family and other commitments showing myself to be self-motivated, organised and capable of working under pressure. I have a clear, logical mind with a practical approach to problem solving and a drive to see things through to completion.

Besides, I am a good team player, open to new ideas and at the same time ready to follow all the rules and obligations my employer requires.

I would aspire to work in an organisation that offers me growth opportunities and employee friendly environment.

PERSONAL SUMMARY

A competent, committed and experienced secondary school, college and university teacher who has over 25 years of invaluable experience in the educational sector. Has taught various national curriculum subjects to mixed sex classes to students and adults aged between 11 – 50. Has the ability to use humour and imagination in a class room setting so as to encourage a learning culture among students. Easy-going by nature and able to get along with colleagues, students and senior managers, currently looking to continue her career as an English/ESL/EFL teacher or instructor with a good school, university or college.
