

LETTER OF RECOMENDATION

Co- Language

Support@colanguage.com

To whom it may concern

It is with great pleasure to recommend teacher Jaqueline Khumalo for admission to work for Co-Language. I have known miss Jaqueline for 4 years and she has helped me a lot with regards to English writing, grammar and preparing for my interviews in my professional life after finishing secondary school. I have grown so much academically and in my personal life in general through her.

As her student I have witnessed myself progress through every lesson we have had for the past year. My level of English has improved with greatness and I'm now confident to sit in interviews and be able to answer questions at hand. I have got a job now after secondary school and I'm very grateful for her.

I highly recommend you accept Miss Jaqueline in your program as she will make a great impact through her positive attitude and outgoing personality.
