To whom it may concern,

My name is Vincent Gao. I am the Chief Executive Manager of GuideU Academic English Training Center founded in 2012. GuideU provides TOEFL, IELTS, SSAT, SAT, and ACT testing preparations. We help more than 100 students each year to reach their aimed score and obtain better language skills before they go to college.

I've known Nikolina Dodig for almost 2 years. Each month, she prepared classes for more than five different levels. As a teacher, she can help anyone, regardless of their level. In her heart she harbors a strong desire to help others. She has designed her own methods to help students improve their language skills. All her students achieve their speaking, reading and writing skills through her efficient methodology. Happily advancing students made her a star teacher in GuideU Academic English.

In the many times we've talked, she expressed the desire to seek more knowledge and better her teaching skills. Not only does she help students achieve better scores, but also she helps them become passionate learners. Education is all she wants to explore. During her years of studying in China, a lot of students got in touch with her in order to have her help improve their English. All the learning methodology she has acquired was successfully passed onto her students. With no doubt, she loves to pass her knowledge onto students.

I strongly believe that she will bring positive and diverse elements to your institution. Therefore, I recommend her with no reservation to your institution. Please feel free to contact me for further information.

Sincerely,

Vincent Gao
CEO of GuideU Academic English
