To who it may concern

Nosipho Maphanga was a star student in my English class in grade 12 (matric) at Lowveld High School in 2017. I know her to be very talented and a hard worker, which made her a model student. I would watch her help her peers with technicalities that they struggled with and how they would comprehend better after her explanations. Her outstanding grasp, delivery and passion for English shone bright and it reflected in her grades. When she approached me regarding this recommendation letter, I was not surprised to learn that she had started a career in tutoring English and I can only wish her more growth and success. It goes without saying - from what I know about her and what she has told me about her tutoring endeavors - that she will no doubt be an asset to prospective employers and future students.

If there is anything at all that I may further assist with or confirm, please do not hesitate to contact me via email and phone call respectively: tozimkhonza@gmail.com and 076 858 3411.

Sincerely,
Tozi Jacobeth Mkhonza
