

Dear Hiring Manager,

It's my pleasure to strongly recommend Sergey Usanov for a position of Russian language teacher.

I am a chef cook from Bosnia, now I live in Germany. Sergey is a teacher I am having classes with who uniquely stands out.

During our time together, Sergey displayed great talents in teaching. When we first met, I was immediately impressed with him and the teaching skills he had on day one.

Sergey has a joy to have classes with because of his amazingly positive attitude and eagerness to stick tightly to my personal requirements in Russian language. His can do attitude is critically important for me. I can always rely on him in case of any difficulties. Bosnish and Russian language have a lot of things in common bur he always explains me the finest distinctions with a great patience.

If you need more information on specific examples, please do not hesitate to contact me email at saravanja1718@gmail.com. As a recommendation letter only provides a snapshot of his talents and achievements, I would be happy to further elaborate on my time studying with him.

Sincerely,

Milan Saravanja
