Re: Reference for Ms. Anastasia Kartasheva

Prague, January 21st, 2019

To Whom It May Concern:

I am writing a reference for Ms. Anastasia Kartasheva, who worked for our language school from April 25th 2016 until February 13th 2018. During this time we were thoroughly satisfied with all aspects of her work and her ability to meet our teaching standards.

Anastasia proved herself to be reliable and responsible in her work as a teacher. During her time with us she successfully taught English in both individual and group courses for a variety of language levels.

Anastasia was a very good teacher and she was always well prepared for each lesson. She was interested in her development and listened to the feedback given from more experienced teachers.

If I can provide any additional information, or answer any other questions regarding Anastasia's work for our language school, please do not hesitate to contact me.

Yours faithfully,

Lenka Gořková
