

Reference letter for Mr Mick Berry

To whom this may concern

As Pedagogical Director of CLL Language Centres, I confirm that Mr Mick Berry has been working at our school as a bilingual trainer of Dutch and English as second languages, since April, 2010.

Mr Berry has successfully taught a wide range of target student groups for the CLL Centres (adults and teens) and for the CLL Business Division, covering all levels and needs. He is particularly at ease teaching teenagers who clearly relate well to him and find his lessons both efficient and enjoyable, as reflected in the high rating of his final evaluations.

I would like to outline that Mr Berry is an experienced and energetic teacher and that his passion for teaching Dutch and English is contagious.

Pauline O'Donnell,

Pedagogical Director, CLL
