Italy

To Whom It May Concern,

I would like to strongly recommend Silvia Medri for a position as a teacher for Italki.

My name is Catherine Arkell and up to July of last year (2019) I was the Director of Studies at inlingua Imola where Silvia still works to this day. I have over 15 years of teaching experience in the TEFL sector as well as many years managing and training teachers.

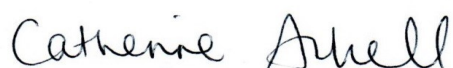

Silvia has an excellent level of English, she has a very solid C1 level and has excellent pronunciation for a non native. Silvia started working for inlingua Imola in February 2017 and was immediately a successful member of the team. She is a helpful and caring person, she is always punctual and thorough with every aspect of her job. During her time at inlingua she has gained vast experience teaching many ages. She is excellent at teaching children and teens and has widened her experience by teaching many adults in both individual and group settings. She has good experience with teaching Business English and is excellent at introducing interactive material into the classroom to stimulate her students. Moreover, she is an inventive teacher and is great at coming up with ideas to diversify her lessons as much as possible. She is sensitive to her students' needs and is exceptional when it comes to creating lessons plans and courses to suit her students needs.

In addition to teaching English, she has also translated and interpreted for inlingua Imola on several occasions and has further increased her workload by teaching Italian as a foreign language. As with her regular teaching, she has worked well to deadlines, and has always produced skillful work with positive feedback from our clients.

I am absolutely confident that Silvia would be a great addition to Italki. Not only will she bring a wealth of experience to the position, she will also be a huge asset to your company.

Please do not hesitate to contact me at catarkell@hotmail.com or +393389350559 if you should need any more information, I would be happy to elaborate further on my time working with her.

Yours sincerely,

Catherine Arkell
