

To Whom It May Concern:

Laura D'Angelo completed the ICAL TEFL/TESOL Certificate in August 2014. This certification course is worth 120 hours. The work involved all aspects of Teaching English as a Second or Foreign Language including needs analysis, syllabus design, lesson planning, classroom management, strategies in language learning, teaching methods, testing & error correction etc.

I worked with Laura as her personal tutor and during her time with ICAL I was able to make a good assessment of her capabilities and progress through her work on the assignments.

Laura was very committed to receiving the ICAL teaching English certification and worked diligently throughout the course. She included well thought out and reflective ideas and completed extensive work as a teacher of English.

In addition to her positive attitude and enthusiasm for teaching, she was a serious student who thought of interesting activities to use in her English language classroom.

In her time studying the course, I enjoyed working with Laura. She was a pleasant and dedicated student. I am sure she will become a very useful addition to the teaching staff of any English language school she joins.

I wish her every success in her career as a teacher of English.
