

Castellon, Spain, February 3<sup>rd</sup>, 2018

To whom it may concern:

Being coordinator of the Intercultural Seminars of the Master's degree on International Peace, Conflict and Development Studies at Universitat Jaume I, and supervisor of the team of interpreters of the aforementioned seminars, it is a pleasure to write this recommendation letter for the student **Jordi Aura Cardona**.

Jordi has brought his academic knowledge and skills from his Bachelor's degree in Translation and Interpreting to our master's weekly seminars throughout the 2017/2018 academic year. His main task has been to interpret simultaneously our seminars in the booth, carrying out direct and reverse translation, with a total duration of 252 hours, considering both the on-site hours and those of previous preparation at home.

His academic formation has been observed during all seminars, where he has been able to improve his interpreting skills, since most of the interpreting required has been from Spanish to English. Jordi has shown an adaptive capacity and strong commitment, and he has performed excellent professional competences. Additionally, he has been able to successfully interpret different English and Spanish accents due to our master's intercultural approach, which means that there are students from many different countries to be found in our seminars.

For all of the above-mentioned reasons, I highly recommend Jordi Aura Cardona as a conference interpreter.

Sincerely

Dr. Hermes Ulises Prieto Mora
