

Buenos Aires, September 25th 2017

To whom it may concern,

I am pleased to write a letter of recommendation for Eugenia Camino who has taught Spanish with us for the past years. During her teaching here at VOS Buenos Aires, she was a wonderful asset to our school.

Her ability to connect with students and other teachers was highly appreciated by everyone and her professional skills were present all throughout her career with VOS.

Eugenia was 100% reliable on punctuality, manners, dedication and material care. She taught the different skills in all the convenient levels of MCER also preparing students for DELE Exams and showing interest towards the students 'needs and interests.

She was always on good terms with both the facility and her students. If considered for a position, there is no doubt that your school will feel pleased to have her on your team.

Sincerely

Magdalena Cambiasso – Directora
