To Whom It May Concern:

It is my great pleasure to recommend Faik YEŞİLYAPRAK for your software institution. I had helped him learn English Language through English Language Preparation Program at Firat University in 2018-2019 Academic Year. During that time, Faik showed great success with his diligence, determination and ambition. I have seen Faik grow into an outstanding individual who excels in both his academic and personal pursuit.

As Faik's teacher, I was always delighted to teach him and his class. He was eager and ready to learn all the time and he submitted his assignments in timely manner. He is a compatible student and has sense of humour. I always appreciate him because he follows hard on something until he fully comprehends and becomes successful.

I have authority to see Faik's academic progress as a software engineering student via student information system on the grounds that I have had an administrative position. Therefore, I highly recommend Faik YEŞİLYAPRAK to you for any position in software engineering field. I am certain that he will contribute to your institution and be one of your best assistants in the team. Please feel free to contact me for further questions.

Sincerely,

Fidan Serap KURT

The Head of Firat University School of Foreign Languages Department
and English Language Course Instructor
